

PARISH DIRECTORY

The Community-Service Teams of both of our parishes have identified the development of a joint parish directory as a service project. The directory will include photos of parishioners taken by a photographer and parish affiliation. Parishioners will also have the option of providing a telephone number and an e-mail address to be included in the directory

As a first step, we need to determine if the project is financially feasible. In order for the printing company to provide us with a cost estimate, we need to determine an approximate number of pictures to be published. If you are interested in being included in the directory, please complete the parish directory form below and return it in the collection basket or at either parish office by April 28, 2024.

Family Name: _____

Parish: Good Shepherd Immaculate Conception

Telephone: _____

The Last Date to Register is April 28, 2024.
